

METRIC ABS TOOLING NOW FROM WILSON TOOL.

Metric ABS Replacement Tooling

A Cost Effective Solution for Long Lasting Durability.

Wilson Tool now offers punches and strippers that are 100% compatible with Amada's ABS guide assemblies and holders. Wilson Tool's Metric ABS punches have the same ABS features as tooling from Amada, but also include the following features that are only available from Wilson Tool:

- One-day-turn-around on standard tooling orders
- Wilson's patented Optima coating
- Wilson's hardened tool steel

More importantly, you can now order replacement tooling for your Amada ABS punch press from the company offering the best service and delivery in the industry - Wilson Tool.

CAT#	Thick Turret Metric ABS Punches
