

# “WILSON TOOLS ARE THE BEST VALUE FOR THE MONEY.”

“Wilson Tool punches made with Ultima™ steel and coated with Optima® have proven to be a fantastic combination. In the most demanding applications, the addition of Ultima for the dies has been awesome. Wilson's cutting edge technology makes it easier for me to maintain my tools and keep up with my ever-increasing workload.”

For unmatched durability and performance, choose Wilson punches with Ultima Premium Tool Steel and Optima coating. Engineered to increase wear resistance

by up to 100%. Wilson Ultima Premium Tool Steel and exclusive Optima coating significantly reduce downtime and tool replacement costs - making you more productive.
